It’s hard to believe it has been over a year since our lives were affected by the COVID-19 pandemic! Our members have been staying safe and waiting patiently for the center to resume in-person activities. With the unyielding support & guidance of our Executive Director & the New Orleans Council on Aging, we can now see some light at the end of this long tunnel. Senior centers around town are now gearing up to reopen and we will let you know when we have a definite date for Kinship!

We’re happy to report that most of our members have been vaccinated! As part of our safety precautions & protocols, we encourage all members wishing to return to in-person activities be fully vaccinated before entering the center. While we believe that everyone has the right to make their own medical decisions, we also have a duty to protect our members to the best of our ability while they’re visiting our facility. Therefore, all members returning must wear a face mask at all times, regardless of vaccination status. Medical consensus overwhelmingly agrees that being vaccinated & wearing a mask are the best ways to protect against Coronavirus transmission.
